

iOS Developer

Where: Skopje, Macedonia

When: Open immediately.

Experience: Experienced or Expert

Apply: Email resume and why you are a good fit to cv@radixcloud.com with "iOS Developer" in subject.

Description:

Developers at ProtonMail frequently transition between front-end, back-end, iOS, Android, and other projects. Our strength comes from our speed and agility, and our ability to refocus the engineering team based on current priorities. You will have the opportunity to work on challenging problems anywhere in our stack.

The following are required:

- Experience in developing native iOS applications in Objective-C and/or Swift
 - Strong English communication skills.
 - Extensive experience working on extremely complex software projects
 - Strong background in computer science (algorithms, data structure, software design, reliability, maintainability, etc)
- Ability to keep up in an extremely fast-paced environment
Excellent problem solving, critical thinking and communication skill
Ability to work autonomously
Excellent written and spoken English skills

Bonus points for:

- Well versed in security and with a good understanding of security best practices from a programming point of view
- Fluent in UNIX/Linux
- Degree from a top university
Math/Physics/CS competition winner (ACM ICPC, International Math/Physics Olympiad, Putnam, etc)
- Being able to become proficient in at least 2 of the languages within few weeks, and learn any other language equally rapidly

What you will be doing:

- You can focus on Front-end, Back-end, or Mobile or you can work on everything.

Why work at ProtonMail:

As a well-known and fast growing startup, ProtonMail can provide an excellent opportunity to expand your horizons and gain valuable experience. At ProtonMail, you will find:

The opportunity to have a big impact in an international company and the opportunity for rapid promotion

- Your work will have a direct and visible impact on the development of the company.
- Your work will directly impact millions of people worldwide.
- Flexible work schedule, work when you want, where you want.
- Informal culture with emphasis on self-management.

A friendly and casual office environment - the average age of the company is under 30.

A dedicated office budget that can be used for gym memberships, buying snacks for the office, public parking, or professional development.

Do something meaningful. We are challenging giants such as Google, Yahoo, and Microsoft and transforming the way private data is treated online. Our products are used on a daily basis to protect the lives of journalists, dissidents, and activists around the world. We are a company with a social impact.
