

TITAN USJE AD SKOPJE, TITAN GROUP

IS HIRING

MINING ENGINEER

Join our team at TITAN USJE, a leading player in the cement industry committed to excellence in manufacturing and sustainability. We are dedicated to producing high-quality products while minimizing our environmental footprint. As we expand our operations, we are seeking a skilled Mining Engineer to join our dynamic team in Ready Mix & Aggregates Department.

JOB BRIEF:

The Mining Engineer Plan, organize, and supervise daily quarry and mining operations, according to TITAN's procedures and policies. The position reports to the Ready Mix Concrete & Aggregates Manager.

KEY RESPONSIBILITIES:

- ✓ Develops short-term and long-term extraction plans in accordance with concession requirements and production targets.
- ✓ Monitors drilling, blasting, loading, hauling, and crushing activities.
- ✓ Ensures compliance with all mining, environmental, and health & safety regulations.
- ✓ Optimizes quarry production efficiency, equipment utilization, and operating costs.
- ✓ Conducts geological and reserve assessments and maintain mining documentation.
- ✓ Prepares production reports, KPI analyses, and technical presentations.
- ✓ Coordinates activities with contractors, maintenance teams, surveyors, and regulatory authorities.
- ✓ Participates in quarry development projects, expansion plans, and infrastructure improvements.
- ✓ Supports continuous improvement initiatives related to safety, productivity, and sustainability.

SKILLS AND QUALIFICATIONS:

- Bachelor's Degree (240 ECTS) in Mining engineering
- Licensed Mining Engineer (preferred).
- Minimum 3 years of experience in supervising mining activities, contractors, and operational teams in related heavy industry operations.
- Knowledge of quarry planning, drilling and blasting operations, mine design, and mineral extraction techniques. Familiarity with geological mapping, reserve estimation, and surveying principles.
- Understanding of mining legislation, environmental regulations, and occupational health & safety requirements.
- Advanced knowledge of MS Office (Excel, Word, PowerPoint); Familiarity with AutoCAD and GIS software is an advantage; Familiarity with AI Tools
- English – Good written and verbal communication skills.

PREFERRED ATTRIBUTES:

- Strong leadership and team management abilities.
- Excellent communication and interpersonal skills.
- Problem-solving and decision-making capability.
- Initiative and proactive approach to work.
- High level of accountability and integrity.
- Strong commitment to safety and sustainability.

WHAT WE OFFER:

- Attractive remuneration and benefits package, including:
 - Incentives and bonuses
 - Wellbeing incentives: Private medical insurance, free sports activities, free weekday lunch, free legal, financial & mental health consultations
 - Maximum vacation allowance
 - Parental and family benefits
- Career development and training opportunities
- Positive, encouraging and attractive working environment
