

## Job announcement

<b>Company</b>	InfoSoft Systems Doo Skopje
<b>Department</b>	System Integration
<b>Title</b>	System engineer

### Introduction:

An excellent opportunity for a System engineer in a System Integration area to join a regional market leader Company.  
The System Integration department is the technical know-how centre and home of technical competences for building the best hybrid cloud solutions and to supporting our customers.  
This role is suitable for medium level candidates.

### What You'll Do

- As a System Engineer you are responsible for the optimal availability of the systems. To this end, you will take care of maintenance, timely identification and troubleshooting of issues;
- Design, develop and implement ICT systems and solutions together with customers and our partners;
- Investigate, analyze and fix reported issues.
- Plan, organize and prioritize personal workload;

### What You'll Need To Be Successful

- BS formal education in IT engineering and related areas
- Experience in designing and maintaining on-line transactional systems, server administration, virtualization platforms, backup and storage systems
- Hands-on experience with enterprise (EMC/IBM/Lenovo/NetApp) storage platforms, MS Windows Server, Active Directory, Vmware virtualization, Microsoft Hyper-V virtualization,
- Experience in working with SAN attached (FC, FCoE) systems
- Experience in working with Linux or Unix platforms is an advantage
- 4+ years experience in the above areas
- Working knowledge of ITIL methodologies, such as Incident, Request & Asset management
- Good team player with excellent interpersonal & communication skills, a good sense of humor is always a plus.
- A strong desire to learn
- Excellent verbal and written communication skill in English Language.

### What You Can Expect From Us

- In addition to a competitive base salary, this position provides incentive compensation that rewards the individual based upon assigned objectives. Statutory benefits also provided in accordance with local laws and practice.
- Great opportunity to join a Balkan wide recognized & market leading company - InfoSoft Systems Group is amongst the top systems integrators with more than 28 years of experience;

- Liberal and enriching environment for experiencing state-of-the-art technologies, by working closely with the industry leading vendors;
- Work from home option
